BCSP supports U.S. military members and is proud to assist veterans and servicemembers in obtaining accredited safety and health certification, helping to increase their professional capacity and put them on a path to future civilian employment.

Helping our servicemembers achieve their professional goals, whether they are to gain civilian employment or grow in their SH&E military job duties, is something we at BCSP are honored to support. We will continue to make every effort to ensure our certifications serve U.S. military servicemembers, and that our strong relationship with the military community continues to grow.

**BCSP Benefits:**

- Application fee waivers
- The Transitional Safety Practitioner (TSP) designation for those with the CP-12
- Extension and/or Leave of Absence while maintaining certification
- PearsonVUE Testing Centers on military bases around the globe

DoD COOL Benefits:  
The Department of Defense’s Credentialing Opportunities On-Line (COOL) program also offers support for achieving professional certifications. Each military service’s COOL program includes BCSP’s ANSI-accredited certifications. In fact, the ASP, CSP, and CHST are so popular among servicemembers that they are listed by COOL as “In Demand.”

VA Benefits:  
The Department of Veterans Affairs (VA) provides education benefits to eligible servicemembers, veterans, and certain dependents and survivors. Applicants may receive financial support for undergraduate and graduate degrees, vocational and technical training, licensing and certification tests, apprenticeships, on-the-job training, and more. Some of these programs may pay for BCSP certification exam fees and other training applicable to your career in safety and health.

- Post 9-11 GI Bill
- MGIB-AD Montgomery Bill - Active Duty
- MGIB-SR Montgomery Bill - Selected Reserve
- Reserve Educational Assistance Program (REAP)
- Veterans Educational Assistance Program (VEAP)
