PARTNERSHIP AGREEMENT BETWEEN
THE NATIONAL ASSOCIATION OF WOMEN IN CONSTRUCTION
AND
THE BOARD OF CERTIFIED SAFETY PROFESSIONALS

The National Association of Women in Construction (NAWIC) and the Board of Certified Safety Professionals (BCSP) recognize the benefits of pursuing a collaborative partnership to improve safety and health performance at workplaces throughout the United States and Canada.

The NAWIC and the BCSP hereby form a Partnership to use their collaborative efforts, expertise, technologies, and resources to provide competency-based certification to advance the safety of members and their organizations. These parties will work cooperatively through this Partnership to provide communication, outreach and occupational safety and health development opportunities by:

- Developing and disseminating information on safety management systems and best practices for construction workplaces, accredited certifications, and career opportunities in safety and health.
- Implementing recruiting and marketing campaigns to members to pursue certifications.
- Developing strategies and outreach programs to members and organizations in diverse areas throughout the United States.
- Collaboration with members, project owners and regulatory agencies regarding the benefits of mandating certification in project safety requirements.
- Participating in events where construction organizations are engaged in safety performance discussions.
- Promoting and facilitating the transfer of relevant occupational safety and health research findings to best practices.

Primary contacts for this Partnership Agreement will be the NAWIC Board of Directors and Dr. Treasa Turnbeaugh, Chief Executive Officer of the BCSP. In addition, the Partners will meet periodically to share information, review the status of the activities and evaluate results. Unless otherwise extended, this Partnership will continue in effect until December 31, 2023. Either organization may terminate the Partnership for any reason at any time, provided 30 days written notice is given. Each party is expected to bear the costs of its participation in this project. This Agreement may be modified at any time with the concurrence of both organizations.
